Understanding the icivics A Very Big Branch Game

The icivics A Very Big Branch game is an interactive educational tool designed to teach students about the legislative branch of the United States government. Players take on the role of a member of Congress, navigating the complexities of lawmaking, committee work, and constituent relations. The game simulates real-world scenarios where players must draft, debate, and pass legislation, providing an engaging way to learn about the functions and responsibilities of Congress.

Game Objectives and Structure

The primary objective of A Very Big Branch is to educate players on how laws are made and the intricate processes involved in the legislative branch. The game is structured around various challenges that represent different stages

of the legislative process, including bill introduction, committee review, amendments, and voting procedures. Players must strategically manage their time and resources to successfully pass bills while addressing the concerns of their constituents.

Key Concepts Covered in the Game

The game covers essential civics topics such as the bicameral nature of Congress, the roles of the House of Representatives and the Senate, the committee system, and the checks and balances inherent in the U.S. government. It also introduces players to the political dynamics and negotiation skills required in legislative work, making it a comprehensive educational experience.
