An A1 Deutsch Buch is specifically designed to cater to this stage, focusing on simple grammar structures, essential vocabulary, and practical communication skills.

The Common European Framework of Reference for Languages (CEFR)

The CEFR provides a standardized guideline used internationally to describe language proficiency. A1 is the first level, indicating basic communication capability. Learners at this stage can introduce themselves, ask and answer simple questions, and interact in a simple way when the other person speaks.

slowly and clearly. A1 textbooks align their content with CEFR descriptors, ensuring that learners meet the expected competencies.
