Understanding Prefixes and Suffixes in 4th Grade

Prefixes and suffixes are types of affixes added to root words to alter their meaning or grammatical function. Understanding these elements helps 4th-grade students decode unfamiliar words and expand their vocabulary. A prefix is a group of letters placed at the beginning of a word, while a suffix appears at the end. For example, adding the prefix "un-" to "happy" forms "unhappy," changing the word's meaning to its opposite.
