The US History Regents exam is designed to assess students' understanding of major events, themes, and concepts in American history. The 2023 exam maintains the traditional structure, consisting of multiple-choice questions, short answer questions, a thematic essay, and a document-based question (DBQ). This format evaluates both factual knowledge and analytical skills, requiring students to interpret historical documents and formulate coherent arguments.

Multiple-Choice Section

Students must identify key facts, understand cause and effect, and recognize historical trends. The multiple-choice section tests foundational knowledge and serves as a basis for success on the essay components.

Document-Based Question (DBQ)
